**Dear Dr. Nidea,**

Greeting from Educo!

We are happy to inform you that Contextualized and Interactive Teaching Reading and Learning Materials under Project LEARN (Learner's Easy Access to Reading and Numeracy) has already been refined and finalized by the hard labor and expertise of the teacher-writers and illustrators, technical advisers and validators. A total of 48 session guides with activity worksheets for reading (20 in Filipino and 28 in English) are completed. We are yet to pilot test these contextualized materials to Grades 4-5 pupils who are non-readers and under frustration level in 5 selected schools in Pilar I and Pilar III Schools Districts. Thus, we would like once more to invite the following DepEd personnel for a **1-Day Orientation on the Utilization of the Contextualized Session Guides** on **Tuesday, October 1, 2019** at **Pilar 2 Central School, Putlao Sorsogon**.

This orientation is especially important to refresh and discuss with the concerned pilot schools the contextualized and interactive materials. In addition to curriculum contents, learners' profile, tracking forms and remediation plans will also be tackled to provide Educo and the Division of Sorsogon a clear picture how the project is implemented and will make a difference on the reading skills of the target users. At the end of the orientation, these Pilot Schools need to craft their operational plan or re-entry plan for their reading remediation activities.

Should there be queries and clarifications, please feel free to contact Myra M. Ador, Project Coordinator at 09157088897 and email address at [myra.ador@educoco.org](mailto:myra.ador@educoco.org).

Thank you so much for the continuous support.

Very truly yours,

For: Eleanor Peña
