Dear Dr. Nidea,

Greetings!

FUSE Foundation Inc, is a community of volunteers and committed professionals undertaking integrated and collaborative programs to develop teacher excellence. We conduct trainings to teachers in Elementary and High School teachers all over the Philippines in the 5-content areas of English, Mathematics, Chemistry, Physics and Elementary Science.

On October 22-26, 2018, in partnership with Computer Communication Development Institute, FUSE Foundation Inc., will conduct a 5-day Content Training in Sorsogon. In this training, FUSE will tap its locally trained trainers to handle the training. May we ask for your permission to allow these volunteer-trainers to participate as trainer and conduct the training? This training will give them the opportunity to hone and develop their skills as trainers. Their expertise on the subject area will greatly help upgrade the standard of education in Sorsogon.
