**LearnPH Proposal for a Modern EduTech Platform for Schools Division
of Sorsogon**

To : Assistant Schools Division Superintendent
CID and SGOD Chiefs
Public School District Supervisors/OIC-PSDSs
Secondary School Heads

1. LearnPH is offering an EduTech for the schools within the Schools Division of Sorsogon.
2. While this is an interesting and innovative learning tool that can be used to support and enhance the learning process for students, this is not a free service. In view of this, school heads who are interested to incorporate this technology in their schools in are reminded to ensure that doing so must be inline and in compliance with D.O. 19, s. 2008 (DepEd No Collection Policy) and its allied regulations.
3. Interested school heads are encouraged to contact LearnPH at the link provided below:

Subject: Proposal for a Modern EduTech Platform for **Department of Education Sorsogon**

Dear **Sir DONCILLO**,

I hope this letter finds you well. I am writing to you on behalf of LearnPH to propose a partnership that will empower your faculty and students with our innovative EduTech platform, LearnPH. We understand that **DepEd-Sorsogon** is dedicated to providing an exceptional learning experience, and we believe our platform can be a powerful tool to help you achieve that mission.

The modern educational landscape demands flexible, engaging, and accessible learning tools. LearnPH is designed to meet these needs head-on by offering a comprehensive suite of features that simplify course management, enhance student engagement, and provide valuable data for informed decision-making.

Our platform stands out with key features such as:

- **Ready-to-use Courses:** Courses are automatically generated based on DepEd curriculum: video lessons, quizzes, assignments, and downloadable materials. We've created a clean, user-friendly design that makes it easy for both teachers and students to navigate, reducing the learning curve and allowing them to focus on what matters most—teaching and learning.
- **Comprehensive Course Management:** Teachers can effortlessly upload and organize course materials, create assignments, quizzes, and track student progress in one centralized location.

LearnPH

- **Enhanced Student Engagement:** The platform supports multimedia content, collaborative tools, and interactive features that make learning dynamic and interactive, whether in a physical classroom or a virtual environment.
- **Robust Analytics and Reporting:** Our built-in analytics dashboard provides administrators and educators with detailed insights into student performance, course completion rates, and platform usage, helping you identify trends and areas for improvement.
- **Quarterly Structure:** 1 course per quarter, 4 per subject, 7-10 subjects per grade—ready for full-year delivery.
- **Plug-and-Play Platform:** Schools and teachers log in, consume lessons, and track progress—no tech expertise needed.
- **Affordable Local Pricing:** Just Php1,200 per student per year (for public schools) and Php2,400 per student per year (for private schools).
- **Dedicated Support:** We are committed to your success. Our team provides ongoing training, technical support, and resources to ensure you get the most out of the platform.

We are confident that implementing LearnPH will not only streamline your administrative processes but also create a more personalized and effective learning environment for your students. We would be honored to partner with you to support your school's educational goals.

I would appreciate the opportunity to schedule a brief meeting to discuss your school's specific needs and demonstrate how our platform can be tailored to fit them. Please feel free to contact me at **lesliedelrosario@learnph.net** or at **maleslie75@gmail.com** to arrange a time that works for you.

Thank you for your time and consideration.

Sincerely,

Leslie Del Rosario
