ADVISORY

February 23, 2026

In compliance with DepEd Order (DO) No. 8, s. 2013
This advisory is issued not for endorsement per DO 28, s.2001,
But only for the information of DepEd Officials,
Personnel/Staff, as well as the concerned public

INVITATION TO ALL SCHOOLS TO PARTICIPATE IN A SCIENCE-THEMED ENVIRONMENTAL AWARENESS ACTIVITY DESIGNED TO PROMOTE SCIENTIFIC CURIOSITY, ENVIRONMENTAL CONSCIOUSNESS, AND INTERDISCIPLINARY LEARNING AMONG LEARNERS.

1. This Office through the School Governance and Operations Division hereby informs all schools of the invitation to participate in a program – **Earthlings**, a science-themed environmental awareness activity designed to promote scientific curiosity, environmental consciousness, and interdisciplinary learning among learners.
2. This activity is an innovative and creative platform that offers experiential learning activities aimed at strengthening learners' appreciation for **Science, Technology, Engineering, and Mathematics (STEM)** through immersive and interactive approaches.
3. One of the featured activities in this country's first science-themed light show that integrates **arts, music, science, and technology** to help learners understand environmental issues and encourage responsible decision-making in relation to environmental protection. Attached in this Advisory is the List of Activities in program-**Earthlings**.
4. Participation in the said activities is purely **VOLUNTARY**.
5. For information and guidance.

JOSE L. DONCILLO, CESO V
Schools Division Superintendent

JOSE L. DONCILLO, CESO V
Schools Division Superintendent
Division of Sorsogon Province

Dear Sir,

Warm Greetings!

In a world where environmental degradation is a growing concern, it's more critical than ever for people to understand the importance of environmental awareness and the role of education in helping learners understand and address environmental issues and empower them to make responsible decisions.

In light of this, I would like to introduce our new program - **Earthlings**. This year's **Philippines' First-Ever "awe-spiring" call-to-action Environmental Awareness Production**. A creative and engaging way of presenting the current state of our environment and the challenge it poses to our planet. This holistic program comprises two activities that target learners' ability to understand how all living things are interconnected and the need to preserve the planet for the next generations. An out-box curriculum integration combined with outdoor (*outside the classroom*) immersive activities:

Activity 1: LUMINA – A twenty-minute luminescent **edutainment** woven to illuminate our minds by connecting the bridge between the Arts, Music, and Science.

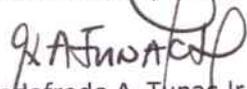

Activity 2: I² – Hands-on, fun, interactive activities as an additional sensory learning experience for all our learners.

Activity 3: Interactive Floor - Motion-responsive games and activities for all ages which perfectly demonstrates how advanced our technology has now become.

Offering a wide variety of stimulating content suitable for multi-sensory exploration, play, and learning.

Through our joint initiatives, we look forward to partnering with you in this significant undertaking and together let us ignite a more environmentally conscious and responsible society.

Enthusiastically Yours,

Godofredo A. Tunac Jr.
Program Director
