**To: Assistant Schools Division Superintendent

Secondary School Heads
All Others Concerned**

1. In its effort to support the DepEd MATATAG Agenda of making the curriculum relevant to produce competent, active, and responsible citizens, DepEd is making on-going efforts to support the implementation of curriculum and assessment in the Philippines.
2. One of the assessment activities is the Programme for International Student Assessment (PISA) Program 2025 that provides the Philippines an opportunity to assess how well students nearing the end of compulsory basic education are prepared to enter the workforce or post-secondary education, compared to their peers from other participating countries and economies. It is a periodic international comparative study that tests 15-year-olds' ability to use their knowledge and skills in reading, mathematics, and science. PISA helps identify the strengths and weaknesses of Filipino students in the identified domains and offers insights into successful policies and practices around the world.
3. The DepEd PISA Readiness preparations aim to have an increase in the average scores of Filipino learners in reading, mathematics, and science in PISA 2025, and an increase in the percentage of Filipino learners performing at or above proficiency levels in PISA, particularly in Science being the focus of PISA 2025.
